South Dakota Libraries' Guide to...

Learning Express Library

south dakota STATE LIBRARY
Leadership. Innovation. Excellence.

Learning Express Library provides online practice tests and tutorials designed to help library patrons, students, and adult learners prepare for academic or licensing tests that they must take. It provides immediate test scoring, explanations of the answers to all questions, and the opportunity to take the tests and tutorials multiple times.

Learning Express Library Practice Tests Include:

- GED (Science, Math, English)
- College Entrance Exams (ACT, SAT, GRE, CLEP)
- Military Entrance Exam (ASVAB)
- Advanced Placement Subject Tests
- Elementary, Middle and High School Skills Improvement Tests (English, Math, History)
- Firefighter, Law Enforcement, and Emergency Medical Services Tests
- Teacher, Nursing, Allied Health, Commercial Drivers License (CDL), Real Estate Certification Tests and more
- Job & Career Skills (Resume writing, interview skills etc.)

Help

LearningExpress Library New User Registration

Your library provides LearningExpress Library to all its patrons. To use this valuable resource, all you have to do is register. Registration creates your own account called "My Center," which allows you to use any of the available tests, courses, or eBooks. "My Center" is completely private; only you can see it.

To register, please enter the username and password of your choice below, verify your password, and then click the "Register" button. Both your username and password must be a minimum of 6 characters and should not include spaces. If you require home access, your username should be your library card number.

Enter your email so we can quickly send you a new password if you forget yours. It's easy to set up a free email account – just go to www.gmail.com.

Instructions   Questions   Finish Later   Score My Test

1. In the diagram below, line *AB* is parallel to line *CD*. Transversal *MN* intersects *AB* and *CD* at *P* and *Q* respectively. If $m\angle APQ = 2x + 20$ and $m\angle PQC = 3x - 10$, what is $m\angle DQN$?

○ A. 34
○ B. 92
○ C. 88
○ D. 146
☐ Skip this question for now.

2. Main Street and John Street are parallel in the diagram below. Jackson Street intersects both streets and forms a 48° angle with Main Street as shown in the figure. What is the measure of ∠*y*?

MAIN ST.
48°
JOHN ST.
JACKSON ST.
y
